DETAILED ACTION

Reasons for Allowance

The following is an examiner's statement of reasons for allowance:

With respect to **independent claims 1, 10, and 18** the claims are allowable over the prior art of record for the reasons set forth on pages 8-10 (particularly examples 1, 3, and 4), of the response received 6/08/2006.

Additionally, the examiner withdraws the previous double patenting rejection to independent claim 18. The examiner notes the following: Applicant's remarks that claim 18 was restricted in the parent are not accurate since claim 18 was not originally presented in the parent case, and is a claim linking the inventions previously restricted. However, the examiner does agree with the applicant with regard to the arguments on pages 8-10 of the remarks (particularly examples 1, 3, and 4), therefore the obviousness of the double patenting rejection is overcome (as Baxter does not teach the limitations) and the double patenting rejection is hereby withdrawn.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
